## WAREHOUSES BURN; SUSPECT ARSON

**TWO V-M WAREHOUSES BURN:** Benton Harbor firemen said arson was suspected in fires that destroyed two warehouses leased to Voice of Music Corp. at Park and Fourth streets. Packaging materials were stored inside buildings. No estimates of loss were available this morning. Warehouses were leased from Berrien County Package Co. Fire was prevented from spreading to main V-M plant (background) and a third warehouse. (Staff photo)

### Production Won't Be Disrupted

#### Fires Erupt At Same Time In 2 Buildings

By HOWARD HOLMES  
Staff Writer

Two V-M warehouses containing packaging supplies were destroyed by fire last night, Benton Harbor firemen reported. The warehouses were located near the main V-M plant at Fourth and Park streets.

Capt. Robert Jones said arson was suspected as the cause of the simultaneous fire in the two separate buildings.

#### WORK WILL CONTINUE

Victor Miller, president of V-M, said today that business would not be disrupted by the fires. Employees will report to work and business will continue as usual on Monday.

Miller said four packaging companies indicated last night that they would do what they could this weekend to supply V-M with packaging materials if they needed them. The suppliers are Quality Packaging, Twin City Container, Blossomland Container and Barger Box Co.

Fire crews remained at the warehouses until midnight when four men took over on two and one-half hour shifts. Firemen continued spraying the ruins until dawn, when a bulldozer was used to uncover parts still burning.

Jones said a trailer was removed from a space between the two warehouses and two vehicles in front of the warehouse were driven to safety. Firemen were able to prevent the fire from spreading to a third warehouse and the main V-M plant nearby.

The warehouses were leased from the Berrien County Pack-

### Daughter Found Dead In Theater

#### 'Adult Film' House Scene Of Tragedy

BATTLE CREEK (AP)—The 19-year-old daughter of controversial adult theater and bookstore owner Floyd Bloss was found stabbed to death Friday in one of her father's theaters.

Battle Creek police said the body of Delva Lee Bloss was found inside the Eastown Adult Capri Theater in downtown Battle Creek after an anonymous caller had alerted the owner of an ambulance service that a woman had been "assaulted" at the theater.

The victim's younger brother, Craig, said his sister was working as a cashier at the theater to earn money to return to Western Michigan University in January.

Police said they are investigating the slaying, but have no suspects.

An autopsy has been scheduled for Saturday.

Floyd Bloss has been the defendant in numerous suits charging him with selling of obscene literature in his bookstore and showing obscene films in his theaters. He has several cases on appeal.

## Plane Crash Kills Top Grid Players, Coaches

★ ★ ★

★ ★ ★

### Kansas Deep In Gloom Today

SILVER PLUME, Colo. (AP)

— The cream of the Wichita State University football team, its top athletic officials and some of its most loyal fans were killed Friday when their game-bound plane crashed into a mountainside while trying to cross the Continental Divide.

Twenty-nine persons, 13 of them players, were killed. Eleven persons—including nine players, a copilot and a team trainer—survived.

The Colorado State Patrol said there was no chance of other survivors among the 40 persons listed as passengers and

crew on the twin-engine Martin 404.

The aircraft, dubbed the "Gold Plane" by the team, was one of two taking the squad, its coaching staff and boosters to Logan, Utah, for a game today with Utah State, where the Shockers hoped to break a three-game losing string.

#### GAME CALLED OFF

The other plane, the "Black Plane," arrived safely with 34 persons, including 23 players and five assistant coaches, aboard. The game was called off and the rest of the 11-game season probably will be canceled.

Among those presumed dead were the athletic director, A. C. "Bert" Katzenmeyer; the head football coach, Ben Wilson; Kansas State Rep. Ray King and Wichita Banker John Grooms and their wives.

Katzenmeyer, a 1941 graduate of Alma College in Michigan, became athletic director at Wichita in May, 1968, after 21 years as administrative assistant to former University of Michigan Athletic Director Fritz Crisler. Katzenmeyer collaborated with Sam Sneed to write a book called How to Play Golf.

Wilson's wife, Helen, was a native of Detroit. They were married in 1948.

The list also included Marvin Brown, the team's second leading rusher; Gene Robinson, the Shockers' top pass receiver; and Ray Coleman of Wichita, membership chairman of the

Shocker Club, a booster organization. Tradition decreed that top players traveled with the head coach.

The crash, a few minutes after a refueling stop in Denver, plunged the campus at the 12,000-student school into mourning.

The other plane was impounded by the Federal Aviation Administration in Utah and its occupants were to return to Wichita on commercial flights today.

Cause of the crash was undetermined.

A university information officer, Doug Lewis, said the university leased the plane from Golden Eagle Aviation, which apparently leased the craft from someone else, but he didn't know who. He said Golden Eagle "told us the plane didn't belong to them." Golden Eagle provided the crew.

The plane was a short-range aircrifer of a type built in the late 1940s and early 1950s. The plane impounded at Logan is a Martin 202, smaller version of the 404.

#### SAME PLANES?

One week ago, one of two planes chartered by Wichita State ran off the runway and was damaged. The second charter plane shuttled the team to Canyon, Tex., for its game with West Texas State University. University spokesmen said it was unknown whether the same planes were used for the trips to Texas and Utah.

The ill-fated plane, with one engine smoking, crashed into the east side of 11,992-foot Loveland Pass about 800 feet below the summit, just below timberline.

"The plane tried to land in the highway in front of us," said Mrs. George Grunwald of Huntington Beach, Calif., who was driving down the mountainside (See back page, sec. 1, col. 1)

**TRAGIC SIGHT:** A football helmet and shoes lie in foreground as plane wreckage buries in background at Silver Plume, Colo. A rescue worker probes through the wreckage of the crash which claimed the lives of 31 members of the Wichita State University football team Friday. (AP Wire-photo)

### 'No Cause For Action'

## Jury Denies Claim For Libel

A \$1.5 million libel suit filed in 1968 by Will Branscomb, president of the Benton Harbor branch of the NAACP, against five defendants ended in Berrien circuit court yesterday with verdicts of "no cause for action."

Defendants were the Benton Harbor News-Palladium, its editor and publisher, W. J. Bannon, its managing editor, Nelson (Bert) Lindendorf, and two Berrien county officials — Wesley Bowerman, director of social services, and John Schoenhals, friend of the court.

The four-day trial before visiting Circuit Judge Richard Robinson of Charlotte began Tuesday and ended Friday. On Thursday Judge Robinson ordered a directed verdict in favor of Bowerman.

On Friday a six-member jury that included five women and one man deliberated one hour and five minutes before returning

verdicts of no cause for action against the other four defendants.

Branscomb had claimed damages for a news article published in The News-Palladium on Oct. 19, 1968.

The article concerned a circuit court order in which Branscomb had been directed to show cause why he should not be held in contempt for allegedly failing to make child support payments. Branscomb was

cleared of contempt in a subsequent circuit court hearing.

Counsel in the libel trial for the newspaper and its executives was Atty. Paul Taglia of St. Joseph law firm of Killian, Spelman, Taglia, Meek, Lagani and Burdick.

Counsel for the county officials was Atty. William McKee of the Grand Rapids law firm of Rhoades, McKee and Boer.

Plaintiff's counsel was Atty. Eddie Smith of Detroit.

### Rejoins Husband

## Migrant's ADC Case Put Aside

A hearing set for Friday in federal district court, Kalamazoo, on a motion to grant ADC to eligible temporary migrant residents of Michigan was called off Friday.

Mrs. Maxine Virtue, assistant attorney general, said it was learned the plaintiff in the suit against Michigan and Berrien county social services departments had rejoined her husband and is in Texas.

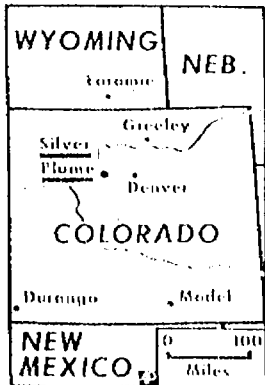

The hearing set for Friday sought a temporary order for the state and county social services departments to grant ADC to otherwise eligible temporary residents of Michigan, such as migrants, during the pendency of the suit.

#### REMAINS ON FILE

The suit, which seeks the permanent removal of a state social services rule barring ADC for temporary residents, remains on file and was not dismissed, Mrs. Virtue said.

Suit was filed last month in federal district court, Kalamazoo, by Mrs. Viviana Escobar, a Texas resident and migrant on a Berrien Center farm, who claimed she was unconstitutionally barred by the social services department from receiving ADC for her four children after her husband left her this summer.

Filing for Mrs. Escobar was Atty. Alan W. Houseman of the Michigan Legal Services Assistance Program of Detroit.

It Just Isn't Easy  
To Pick Best Methods

Concern for environment is growing — and very properly so. Almost everyone, to a greater or lesser extent, is irked that air and water pollution cannot be stopped more quickly. The majority of Americans probably would be willing to pay substantially more taxes if someone could wave a wand and end pollution overnight.

Unfortunately, it isn't that simple. Preservation of ecology is a relatively new science. Only now are efficient anti-pollution methods and mechanisms being developed. A lot of sorting out remains to be done in order that money to be spent is spent wisely.

For example, scientists say that phosphates contribute to the excessive growth of algae in lakes and streams, and suddenly there is a demand for removal of phosphates from detergents — a demand that fails to take into account that phosphates come from many sources including

human excrement, waste vegetation, land erosion, fertilizer runoff, and from animal waste runoff. Directly and indirectly, it would cost, according to many authorities, ten times as much to develop substitute chemicals to take the place of phosphates in detergents as it would to remove detergent phosphates at sewage plants.

This is not to argue against removing phosphates from detergents, necessarily. Necessity is the mother of invention, and, if forced to, soap manufacturers just might get by a lot cheaper than they think.

But this one instance does illustrate that water quality, and in fact, the quality of the environment generally are problems that will defy pollution except through a dispassionate approach based on scientific findings.

Emotionalism and political demagoguery could become as great a menace as anything to environmental improvement.

Time Will Delineate  
Gamal Nasser's Impact

A few years after the coup that ousted Egypt's venal King Farouk in 1952, Gamal Abdel Nasser took time to write a book called Philosophy of the Revolution. "Within the Arab circle there is a role, wandering in search of a hero . . .," he wrote. In the 18 years he was in power, there is little doubt Nasser was convinced he was the man to fill that role.

Unchallenged for a generation as the Arab world's leading hero despite two massive military defeats by Israel, Nasser has been invariably compared to Saladin, the 12th Century warrior who led the Arabs against the Crusaders. In fact, the late Egyptian President chose the eagle on Saladin's coat of arms as the official insignia of his United Arab Republic.

But a more apt figure for comparison is Turkey's Ataturk. With a ferocious singlemindedness, Ataturk transformed his country from "the sick man of Europe" into a vigorous state in the post-World War I era. Like Nasser, Ataturk challenged the

nations of Western Europe and expelled them from his country. At the same time, he dragged his people into the 20th Century with sweeping educational and social reforms. When he died in 1938, Ataturk — whose name meant Father of the Turks — was creating a modern nation.

Although hatred runs deep between the Arabs and the Turks who were their masters for centuries, there are numerous parallels in the lives of Nasser and Ataturk. Born Mustafa Kemal in 1881, the Turkish leader became a soldier and took part in the plot that led to the fall of Sultan Abdul ("the Damned") in 1908. Just as Nasser was angered by the corruption and inefficiency surrounding Farouk, Ataturk attacked the backwardness which had preserved the Sultanate.

And like Nasser, who was one of the few Egyptian officers who fought well during the Arab-Israeli War of 1948, Ataturk won the only Turkish military success of World War I. Troops under his command repulsed the massive allied assault at Gallipoli in 1915. After the war, the Allies not only sliced up the Ottoman Empire among the Arabs, but planned to give most of European Turkey to Greece. Mobilizing the peasants, Ataturk expelled the Greeks with much bloodshed and in 1922, ousted the last Sultan and established a republic.

This was to be the first nationalist success in the Middle East and it was to be repeated by Nasser in 1956 when he nationalized the British-dominated Suez Canal. But while Nasser turned to the Soviet Union for arms and economic assistance, Ataturk looked westward for his pattern for creation of a modern state.

Often operating against powerful conservative opposition, Ataturk made — by sheer force of personal will — many drastic reforms. He separated the state from religion so that no longer would the head of the Moslem community be the political ruler. A new civil code replaced Islamic law. Men were forced to adopt Western-style clothing and women were brought out from behind their veils.

When he came to power, Nasser seemed fired with the same passion for progress. Land reform and economic development were to be the keystones of his regime. Nasser's revolution brought government jobs and higher education within reach of the middle class. He broke the power of the landlords and introduced agrarian reform. But his dream of Arab unity lay shattered at his death and Egypt's fast-growing population negated many promised economic improvements.

Like Ataturk, Gamal Abdel Nasser is a hero to his people. He gave them a place in the sun for the first time in modern history. Still to be answered, however, is whether his legacy will be one of peaceful reform — or continuing crisis in the Middle East.

Lunar Magic

Moon dust brought back by the astronauts may be completely sterile as far as laboratory tests are concerned, but it seems to have some properties scientists are interested in knowing more about. Their curiosity has nothing to do with the age of the moon.

As explained by Astronaut Richard Gordon, a member of the backup crew for Apollo 15 and the command module pilot who circled the moon on Apollo 12, "an exciting experimental windfall" has been discovered in tests of the lunar soil.

Plants, he said, have grown "three to four times faster with moon dust than the best soil on earth." Studies are going on to see if the dust can be duplicated, and if it can what effect this might have on agriculture.

Also, the chief of the national cancer drug investigation program recently asked for samples of the dust to test for anti-cancer properties, in response to the discovery that the material has killed three types of common bacteria. Moon dust is becoming more than a scientific curiosity.

Clearly Seen After The Smoke Cleared!

GLANCING BACKWARDS

**NEW PLANT ON DISPLAY**  
—1 Year Ago—  
Twin City Coca Cola Bottling Co., Inc., will show the public its big new facility at 200 Hawthorne avenue, St. Joseph, today and tomorrow.

The new plant is a model of automation in action. The 125

by 300-foot building is located on 17 acres in the St. Joseph industrial park at the city's south border.

**NEHRU WANTS SUMMIT MEET**  
—10 Years Ago—  
Indian Prime Minister Nehru, appealing today for

summit talks between Premier Khrushchev and President Eisenhower, said Eisenhower has not closed the door.

He appealed to the general assembly for unanimous approval of a neutral nations resolution calling for the big two talks. Nehru said the U.S. President "has not wholly rejected the idea."

NAZI RAIDERS POUNDS LONDON

—30 Years Ago—  
Anti-aircraft barrages so heavy as to lie up traffic marked a late afternoon attack on London by unseen German raiders today and some British quarters suggested that the Nazi air offensive may have turned to "blind" high altitude bombardment.

Anti-aircraft shell fragments fell like hail on the city. Nazi raiders thrust at the capital through a thick haze in their fourth visit of the day, showering bombs on northwest and southeast sections.

SEE TEAM

—40 Years Ago—  
The Three Oaks high school football squad will travel en masse to South Bend tomorrow to see Coach Knute Rockne's Notre Dame team open the season with Southern Methodist at Carter field.

CONSTRUCTION STARTS

—50 Years Ago—  
Ground has been broken and work begun for the new home of Herman Hinz on Wayne street.

RETURNS HOME

—50 Years Ago—  
A. D. Kent returned last night from a three weeks' trip abroad, where he visited England, Scotland, Ireland, Germany, France and Belgium. Mrs. Kent and son, William, met him in New York and accompanied him home.

STREETS GROW

—60 Years Ago—  
Wayne street was formally extended to the river bridge, the name of the street between the new bridges being formerly known as D and C boulevard. Front street was in like manner extended from the present terminus of the Boulevard to Napier avenue.

DR. COLEMAN

.. And Speaking  
Of Your Health

CYSTIC fibrosis seems to be revealing more and more of its secrets and soon, it is hoped, may be either a preventable or curable condition.

This severe hereditary condition of the newborn is associated with disease of the pancreas, disturbance of glands, and lung and respiratory difficulties.

At the University of Texas in Galveston, Dr. Barbara H. Bowman has Dr. Coleman been expanding the scientific work of Dr. Alexander Spock of Duke University in North Carolina.

They have found that a substance, immunoglobulin G, in the blood of children with cystic fibrosis and in their parents, may be responsible for the thick mucus that interferes with normal breathing in these patients.

It is hoped that before long a serum will be created to neutralize this substance that circulates in the blood stream.

It is also hoped that the newer knowledge of genetics may lead the way to the prevention of this difficult condition. Manipulation of genes and chromosomes is slowly but definitely attacking this and many other birth disorders.

RELIGION TODAY

Anglican Leader Calls  
Arabs 'Friendly People'

By LESTER KINSOLVING  
PHOENIX, Ariz. — "I never feared that the Palestinian commandos would kill any of the people on the planes," said Jerusalem's Anglican Archbishop, "Because the Arabs are human people; they are friendly people."

Just after the Most Rev. George Appleton addressed these remarks to the General Board of the National Council of Churches meeting here, TV screens across the U.S. showed the arrival in New York of the first group of 421 victims of Arab air piracy. A 13-year-old girl tried to tell what happened to her, but she broke down in tears — understandably, after five days under threat of death on a blistering air strip near Amman.

These kidnap victims had apparently been unable to share the Archbishop's optimistic views about the friendly human Arabs. For they were the latest among hundreds of civilian air passengers who have been kidnapped by people described by the Archbishop as having done "something that attracts the maximum publicity, something that shows their own determination and courage." (The same people were described by The New York Times as "savages unworthy of membership in the community of civilized nations.")

Rev. Kinsolving

Archbishop Appleton is an elderly and gentle man — with what is apparently an extraordinary tolerance for terrorists. In his press conference here, he admitted that one of the priests in his jurisdiction "was involved in some way with what happened in that supermarket" (the blowing up of 19 civilians in Jerusalem). When asked if the killing of 19 civilians was not "a little less than Christian," he explained that it was "fairly clear" that while the priest, whom he identified as the Rev. Elia Houri, was not involved in the detailed planning, "being a Palestinian, his sympathies were with them."

This priest, from Ramallah in the West Bank, was arrested in Jerusalem and after imprisonment released to Jordan. Rather than deposing (unrocking) or even reprimanding him for being "involved" in this multiple murder, Archbishop Appleton confirmed reports that Houri is now an employee of the World Council of Churches in Amman.

In his speech here (which was given a standing ovation) the

Archbishop:  
• Termed Israeli government evidence of Egyptian violation of the cease fire (by moving SAM missiles to the Suez Canal) as "alleged violations."  
• Described Al Fatah leader Yasser Arafat as "reported to be a reasonable man, not fanatical."  
• Discussed the "sharing of Jerusalem" and guaranteeing of pre-1967 borders by "super-visory forces of the UN and the great powers." (Asked to explain how this could be accomplished, he replied: "This is a question I can't answer because I'm not a politician.")  
When asked why, therefore, he had brought this subject up, he explained: "I report things that have been suggested . . . this is my job, not to take sides, but to understand and to interpret."  
When asked if any Arab Christian leader had ever publicly opposed either threats of genocide or air piracy, he answered: "I can't say. They naturally have to stay with their people and influence them in spiritual and ethical decisions."  
Even in the realm of his own authority, Archbishop Appleton appeared indecisive. He merely expressed "anxiety" in reporting that Arab Anglicans in his jurisdiction may abandon use of the Old Testament because it contains the word "Israel" (which abandonment, he conceded, would logically involve abandonment of the New Testament as well, because it repeatedly mentions "King of the Jews").

The Archbishop's address to the National Council of Churches contained no fewer than 69 political proposals or opinions. But when asked about either the details or apparent contradictions in these proposals, he so often evaded the issue, confessed his ignorance of the subject, or excused himself as merely an "interpreter," that he attracted particular attention to one of his own statements: "I have to make a fool of myself by making suggestions."

With his ecclesiastical jurisdiction running from Iran to Morocco, it is obvious that were the Archbishop to take firm stands he might be excluded from Arab countries. But the man represented by the Archbishop lost his life (in Jerusalem) for publicly protesting such things as Temple graft and Pharisaic hypocrisy which are not nearly as serious as piracy and murder of civilians.

What seems needed in the Middle East is a Christian leader, rather than an interpreter — either this or at least a pastor who does not make public political proposals which he is neither willing nor able to explain or defend.

JAY BECKER

Contract Bridge

Opening lead — queen of clubs.

A declarer who carefully plans his play from the start naturally has a great advantage over a declarer who plays without extensive thought.

South contrived his own downfall very quickly in this hand when he won the queen of clubs with the king and played a diamond to the jack, which held. Then, lacking X-ray vision, he led the king of diamonds.

East took the ace and returned a club. West's suit thus became established and, since the diamond failed to break 3-3, South eventually went down one, scoring only his eight high-card tricks.

Had South followed the proper method of play he would have made the contract. After winning the club with the king and leading a diamond from dummy, he should have played the eight instead of the jack. True, West would have won cheaply with the nine, but, whatever he returned, South would have made at least nine tricks.

South's actual play subjected him to the danger that East had the ace of diamonds and the suit was not divided 3-3.

The recommended play is far better because it guarantees nine tricks if the diamonds are divided either 3-3 or 4-2 and irrespective of which defender has the ace of diamonds.

Declarer must be willing to lose the first diamond trick to West because West cannot injure him with any return. It may cost South a trick to make this unusual play (if the diamonds are 3-3), but he should be happy to concede this trick in the interests of safety.

Making the contract is always the first consideration.

The bidding:

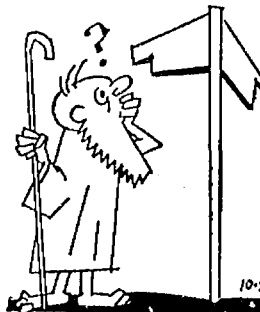

North	East	South	West
1 ♠	Pass	2 ♠	Pass
2 ♠	Pass	3 NT	Pass

## LUTHERAN HIGH SCHOOL FORMAL OPENING SET

**NEW SCHOOL CLASSROOMS:** Opening of Michigan Lutheran high school in new educational wing of Good Shepherd Lutheran church, Fairplain, this fall will be marked Sunday at special religious service. School wing is in foreground, adjoining Good Shepherd Lutheran church (background). Classes opened Sept. 8

for ninth grade. Wing will serve as a classrooms for several years and plans call for a new high school building to be ready at another site before 12th grade status is achieved in four years. A grade will be added each year until full high school program is attained. (Staff photo)

### K Of C Banquet Oct. 11

#### Whirlpool Leader To Give Address

Knights of Columbus, Benton Harbor Council 1120 will sponsor its annual Columbus Day banquet Sunday, Oct. 11 at the Blossomland Columbian club, Fairplain Plaza.

Speaker for the banquet is Thomas F. Bartley, head of Whirlpool Corporation's Educational center, and long active in the YMCA, drives for underprivileged children and the St. Joseph school board.

At Whirlpool Bartley is responsible for setting up seminars and workshops for people connected with the appliance industry.

He has also received the coveted American Management Association Lawrence A. Appleby Silver award in recognition

THOMAS F. BARTLEY

of the extraordinary and continuing contribution to the philosophy of education.

Master of ceremonies at the dinner will be Ted Vernasco. Tickets are available at the club located on the lower mall at the plaza or from Olly Furlan or Merle Lochner, Grand Knight.

Reservations must be made by Thursday, Oct. 8.

### 8TH IN A ROW

## Klum Agency Again Receives UCF Award

For the eighth year in a row, the employees of W.L. Klum Olds-Cadillac Co., Benton Harbor, have won United Community Fund's Fair Share Giving Award.

The award is given to companies in which at least 65 per

cent of the employees pledge a "fair share" of an hour's pay per month to UCF.

At W.L. Klum, 23 employees and the company contributed \$986 to the United Fund, an average gift of \$40.71 per worker. Ward Groves headed the UCF campaign at the Benton Harbor auto agency.

Charles W. Johnson, UCF campaign chairman, announced today that overall pledges to the UCF drive now stand at \$95,400, or 16.1 per cent of the goal of \$590,800. The newest total reported is \$12,000 higher than the results shown in an official audit held on Tuesday.

Johnson also reminded UCF volunteers that the next report luncheon will be held Tuesday, Oct. 6, at the Ramada Inn, formerly the Hilton Inn. He asked that UCF workers planning to attend phone in their reservations by Monday noon to the UCF office, 983-6515 or 983-6479.

## SJ Parents To See School As Kids Do

St. Joseph high school will hold its "back to school" night 7:30 p.m. Tuesday with the emphasis on attendance.

Jon Schuster, assistant principal, said the program will permit parents to visit the classes their student sons and daughters attend each day.

It's more than a chance to view first-hand the routine their sons and daughters follow, Schuster said. It gives parents an insight into school procedure which will help later in the school year if problems come

up. This is the only opportunity during the entire school year where parents can get this background.

Parents will meet at 7:30 p.m. in the high school auditorium and then will spend about 10 minutes in each class. At 9:20 p.m. the visitation period will be over and refreshments served in the cafeteria.

However, at 9:20 p.m. parents of sophomores will meet with counselors in the auditorium for a special briefing.

Schuster emphasized the visitation Tuesday will be the only such program this year. There is no high school parent-teacher organization and there are few opportunities to visit the school and meet teachers and follow class procedure such as will be presented Tuesday.

Understanding the routine students must follow will help parents gain an insight in their scholastic problems, Schuster said. Parents are still the main motivating force behind their sons and daughters, Schuster said, especially in education.

### All Around Our Towns

## State Police Honor Former BH Troopers

Two state troopers who were high school classmates at Benton Harbor St. John's have been cited for outstanding performance.

Col. Fredrick Davids, state police director, announced Michael Bowie as the winner of a bravery award and William Daily recipient of a meritorious service citation.

Bowie and Trooper Roger Kirkpatrick of the Ypsilanti post prevented a bank robbery, in June and killed one of the

bandits in a gun battle. Kirkpatrick also was honored for bravery. Bravery is the department's second highest award. Daily of the Clinton post was cited for investigation that led to solution of 22 larcenies and burglaries.

Bowie and Daily are 1965 graduates of St. John's, and attended trooper training school together. They completed training in June, 1969, with Bowie ranking third in the class and Daily the top marksman.

Their parents are Mr. and Mrs. Charles Bowie, 1988 Colfax avenue, and Mr. and Mrs. Arthur L. Daily, route 3, Benton Harbor.

Bowie and Kirkpatrick responded to a silent alarm at a branch of the Ypsilanti Savings bank. One of two bandits was shot fatally by the officers after he opened fire on them. An accomplice was disarmed and taken into custody.

The troopers and five other persons in the bank were not injured. The slain bandit had a satchel containing \$25,000 taken from the bank's vault.

Bowie received a meritorious service citation earlier this year for disarming a man who had threatened Bowie and another trooper with a gun. The incident occurred as the troopers were arresting the man's son on a warrant stemming from another offense.

Daily investigated a car parts theft in Clinton in March which led to the arrest of two men. Admissions were made to other larcenies and burglaries with loot of \$3,800 and involvement in drug traffic.

Other awards announced Friday included a meritorious service citation to Trooper Robert L. Piziali, Wayland; life saving awards to Troopers Daniel Thomas and Gary Knottnerus, Ionia.

Unit citations went to Cpl. Duane Gerstenberg and Troop-

ers Gordon Gotts, David Suminski, Lyle Schroeder, Edward Polack and James Petters, all of Bridgeport, and Troopers James Gunderson and John Garcia Bay City.

Honorable mention citations were authorized for Troopers Roger Bothyl, Ypsilanti; Larry Swartz, Erie; Walter Kryzycki, Flat Rock; Fredrick Sliger, East Lansing; James Albright, Manistee, and Jerry Clark, Flint.

A citizen award was approved for Mrs. Hermine Lowe, of Clarkson, who used her coat to extinguish flaming clothing on a driver whose truck caught fire after an accident.

TROOPER BOWIE

## BH Woman Sentenced To 60 Days

A Benton Harbor woman arrested last April for welfare fraud was sentenced to 60 days in jail and assessed \$203 Friday by Judge Paul Pollard in Fifth District court.

Mrs. Earline T. Head, 37, of 1227 Broadway, Benton Harbor, had been under a presentence investigation since she pleaded guilty to making a fraudulent report to the Michigan Department of Social Services that she had failed to receive a \$127 ADC check.

A warrant for Mrs. Head's arrest was issued when the signature on the check appeared to be hers. Mrs. Head had claimed that the check was stolen and forged.

MRS. FRISKE WITH CACTUS

It happens once a year but this time when Mrs. Albertine Friske's cactuses bloomed, the flowers were larger and more numerous than ever before.

One of them measures 13 inches across the opening. Several others of the gold-colored, brown-spotted flowers are nearly as big, she adds. Mrs. Friske, who lives in Harbor Towers in Benton Harbor, bought the cactus in a dime store nearly 15 years ago and doesn't know the variety. By starting new plants from the original, Mrs. Friske has provided several friends with cactuses of their own.

Two teachers in the Galien public school system here and a former teacher have been named in the 1970 edition of the Outstanding Educators of America.

Schools Superintendent Stanley P. Macklin said the three are Mrs. Catharine L. Hinks, Mrs. Tania Hunerjager, and Kenneth Stanek. Stanek left the system this year for a job with the Caledonia school system.

Nominated earlier this year by the school district, the three have been chosen for inclusion because of civic and professional achievements, Macklin said.

Mrs. Hinks began her teaching career at Johnstown, Pa., and has taught in Galien for 12 years. (See back page, sec. 1, col. 8)

### Services Sunday In Fairplain

#### Second Full-Time Teacher Will Be Installed

A special service Sunday at the Good Shepherd Lutheran church in Fairplain will mark formally the opening of the Michigan Lutheran high school in a new educational wing adjoining the church.

Sunday's service, scheduled for 3 p.m., will also see the installation of the second full-time member of the faculty, Robert Gruetzmacher. The school's coordinator, Elmer Dohrstein, was installed at earlier rites.

The new school opened Sept. 8 with a ninth grade enrollment of 16 students, most of them from the greater Twin Cities area.

Plans call for the addition of another grade in succeeding years, until a full four-year status is achieved. The sponsoring Southwestern Michigan Lutheran high school association has announced plans to have a new high school building completed by the time the 12th grade is established, on a 50-acre tract purchased several years ago on Marquette Woods road south of St. Joseph.

The Rev. Henry Peter, pastor of St. Paul's Lutheran church, Sodus, and chairman of the school's board of regents, will install Gruetzmacher at the Sunday afternoon service. Guest speaker will be the Rev. Prof. Martin Albrecht of the Wisconsin Lutheran seminary at Mequon, Wis., chairman of the board of parish education for the Wisconsin Evangelical Lutheran synod. Pastor Waldemar Zarling, pastor of Good Shepherd church, will be liturgist for the service.

The new school is served this year by three instructors, Dohrstein, Gruetzmacher and Mrs. Bernard Kremers. Mrs. Kremers is a part-time teacher in music and choir.

Gruetzmacher, who teaches religion, Latin and history, is a native of Saginaw and is married to a former St. Joseph girl, Carolyn Andres. They reside in Stevensville with a family of three children.

**MASTER'S DEGREE**  
He received his college training at Dr. Martin Luther college at New Ulm, Minn., and Coe College, Teachers college, River Forest, Ill., and won a master's degree in education in Eastern Michigan university this year. He taught elementary school two years in Pawtucket Christian day school, Pawtucket, R.I., and the last five years in St. Stephen's Lutheran school at Adrian, Mich.

The Southwestern Michigan Lutheran High School association, representing members throughout the Wisconsin synod churches in southwestern Michigan, will hold one of its tri-annual meetings after the special service.

Officers of the association are chairman, Pastor Henry Peter of Sodus; vice chairman, Virgil Raasch, principal of St. Matthew's Lutheran school, Benton Harbor; treasurer, Kenneth Schultz of Grace Lutheran, St. Joseph, and secretary, Pastor Kermit W. Biedenhorn of St. Matthew's, Benton Harbor.

## Lockwood Will Visit Twin Cities

Senator Emil Lockwood of St. Louis, former majority leader of the Michigan senate, will bring his campaign as Republican candidate for secretary of state to the Twin Cities next Friday morning.

He will be the guest of honor at a Dutch treat breakfast scheduled at 8 a.m. at the Benton Harbor Holiday Inn. Persons wishing to attend the breakfast must make a reservation with the Berrien county GOP headquarters in Benton Harbor no later than noon Thursday.

He will be accompanied by State Senator Charles Zollar of Benton Harbor.

Lockwood, 51, has served the 30th senatorial district, covering Clinton, Genet and Shiawassee counties and parts of Eaton, Ingham and Montcalm counties, since 1962.

The candidates will depart for Paw Paw by 9:30. A news conference is planned for 9 a.m.

ROBERT GRUETZMACHER

## Newspaper At LMC Rated Tops

A first class rating of excellent, with special honors in news coverage, news writing, and editorial leadership, has been awarded to the first semester, 1969-1970, Lake Michigan Journal, Lake Michigan college school newspaper. The award was made by the Associated Collegiate Press, a national critical rating service headquartered at the University of Minnesota.

Dave Mehren, an LMC journalism graduate of 1970, was editor-in-chief of the Journal during first semester, and Greg Hafstrom, also an LMC journalism graduate of 1970, was managing editor.

Mehren, son of Mr. and Mrs. Robert Mehren, of 2185 Red Bud trail, Niles, currently is a journalism major at Northern Illinois university, De Kalb, and serving part-time reporter on the staff of the Aurora (Ill.) Beacon.

Hafstrom, son of Mr. and Mrs. Warren Hafstrom, of 1592 N. Teakwood, Stevensville, is completing his journalism training at Anderson college, Anderson, Ind., where he is also working on the college newspaper.

Paul F. Gerhard, LMC journalism instructor, is the faculty advisor of the Journal.

## BH Drive Signs 375 As Voters

#### Mrs. Grenawitzke Commended For Helping Campaign

About 375 persons were registered in a voter registration drive conducted by Ladies on Voter Education (LOVE), Benton Harbor City Clerk Evelyn Grenawitzke said today.

Registration for the Nov. 3 election ended at 8 p.m. Friday. Mrs. Grenawitzke said all of the names will be cross-checked to determine if any were registered previously.

#### CLERK COMMENDED

The special drive was conducted by 10 registrars deputized by Mrs. Grenawitzke after two training sessions. Michael Shane, a spokesman for LOVE, commended Mrs. Grenawitzke for her cooperation and instruction of the deputies.

Jeannette Merriweather, president of LOVE, said the deputies worked daily registering both black and white voters.

LOVE plans an information campaign during October starting with a forum Monday at 8 p.m. in Seely McCord school. It will feature an appearance by Richard Austin, Democratic candidate for secretary of state. Also on the forum will be Shane, Charlie James, president of the Black Students Federation of Lake Michigan college; and Joshua Bishop, chairman of the Urbanale block club.

The LOVE president said: "We intend to keep contact with these new registrants and inform them, along with other registered voters of Benton Harbor, of voting techniques and the issues that will be on the November ballot."

"We believe it is important for all the citizens of the community to be aware and take an active part in those issues presented to them for votes. It is equally essential that they understand the issues. We hope to help them do that."

**HARMONY LANE:** Barbershoppers Ray Leatz (on ladder) and Bob Brown prepare to re-name State street in St. Joseph "Harmony Lane" for the "Parade of Harmony" to be held at 8 p.m. Saturday in St. Joseph High school auditorium. The 22nd annual song fest features Society for the Preservation and Encouragement of Barber Shop Quartet Singing groups from the local Fruit Belt chapter and throughout the state. Also featured will be the Fruit Belt chorus of 30 voices. Tickets are available at the door. (Staff photo)

## Freedom Fund Dinner Tickets Now On Sale

Tickets to the Freedom Fund dinner to be staged Oct. 10 by the Benton Harbor branch of the National Association for the Advancement of Colored People are available from members of the ticket committee, as well as from local black business establishments.

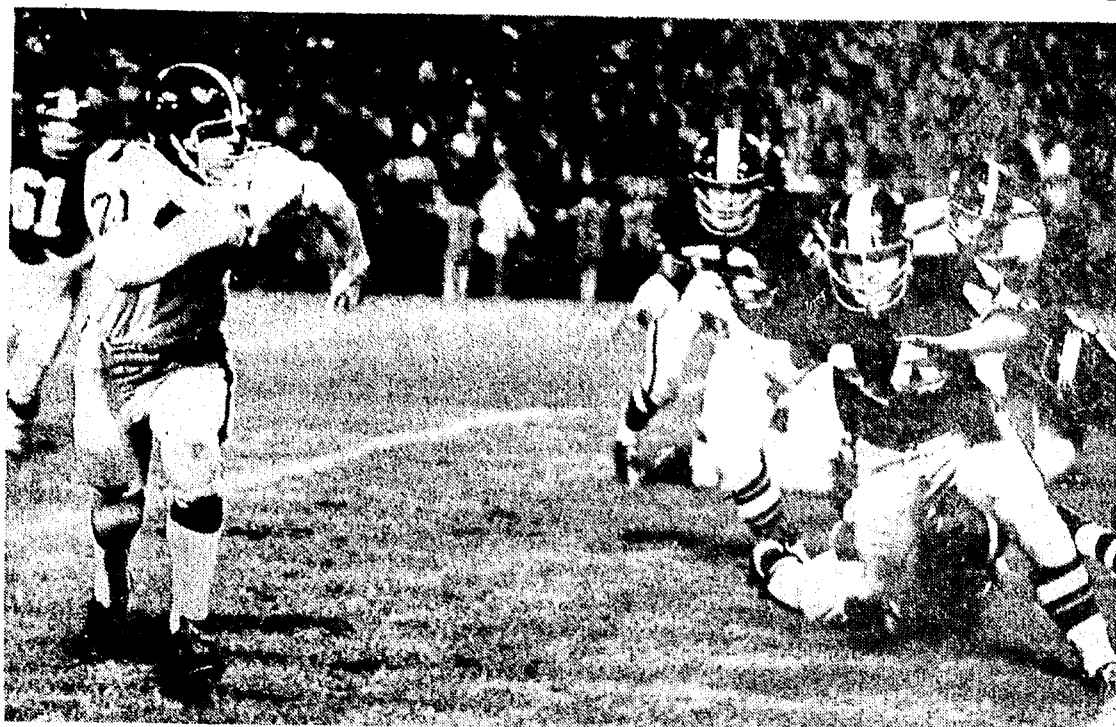

Members of the ticket committee are: Mr. and Mrs. Oliver Edwards, Mr. and Mrs. Virgil May, Mr. and Mrs. Clarence Joiner, Mr. and Mrs. Samuel Smith, Mr. and Mrs. Edward Ritchey and Mr. and Mrs. Shannon Madison.

**BEAR BOOMER:** Mike Damschroder (21) of St. Joseph heads away from Dowagiac's Jim Deshazo (52) and Tom Wienman (44) during Friday night's Big Six conference game. Damschroder scored three

touchdowns as Bears rolled up 50-6 victory—their biggest point total since 1958. (Staff photo by Harry Smith)

## Bears 'Bang It Out' On Dowagiac, 50-6!

By JAKE SHUBINSKI

Staff Sports Writer

St. Joseph coach Ike Muhlenkamp called the shot earlier this week when he said his Bears would "just try to bang it out" in their Friday night Big Six opener at Dowagiac.

And "bang it out" they did as the Bears rushed for 213 yards and scored all but one of their seven touchdowns on the ground in a 50-6 triumph over the Chiefs.

The 50 points were the most scored by a St. Joseph team since the Bears beat Buchanan by a 52-7 count in the last game of the 1958 season. It was the most points scored against a Dowagiac team since 1961 when Grand Rapids Creston won a 52-20 decision.

The issue was never in doubt as the Bears took the opening kickoff and marched 71 yards in 10 plays with Mike Damschroder scoring the first of his three touchdowns with a one yard run

off tackle.

The first quarter set the tempo of the entire game as the Bears combined a potent ground offense with a rock-ribbed defense to control the ball.

The Chiefs, who ran only 35 offensive plays during the contest, had six of these, including a punt and a fumble recovered by Don Radde, in the first quarter.

And it was in this quarter that the Bears ran their best

with a net total of 107 yards

rushing to a net of 22 for the Chiefs. A 30 yard run by quarterback Mike Smith to the Bears' 30 did shake up the St. Joseph defense for a moment. It was the only time the Chiefs were in the Bears' end of the field except for a 75-yard TD pass from sophomore quarterback Edgar Wilson to end Scott Winchester that accounted for the Chiefs' touchdown against

St. Joseph's second and third

string defenders with 3:45 left in the game.

As usual, Damschroder and Radde accounted for the bulk of St. Joseph ground attack which featured, for the first time this season, the belly series.

"We hadn't run it more than five times in our first two games, but with Dowagiac's defense we felt it would work and it did," declared Muhlenkamp.

Damschroder carried 13 times for 136 yards and Radde netted 33 yards in seven attempts before Muhlenkamp emptied his bench and used 12 backs in the last quarter.

The Dowagiac defense concentrated two men on flanker Stan Watts who got his hands on the ball only once on offense. It resulted in a one yard gainer on a reverse.

But with the ground game going in high gear, passing was not needed as quarterback Dennis Patzer threw only six times. Two were completed, including a third quarter 35 yard scoring toss to Dave Selmer.

Maybe it was just as well Patzer didn't have to pass. He was rushed hard everytime he looked for a receiver. "We knew they would send everybody in on the rush so we used the holes they left for our runners," said Muhlenkamp.

"Patzer did a fine job at the line with audibles when he figured they would be sending everybody in," added the St. Joseph coach.

The double-teaming of Watts didn't hurt his blocking ability, however, as he helped his backs by making several key downfield blocks.

"Watts did a fine job block-

## Even Irish 'Charm' Can't Stop Tigers Harbor Runners Race To 35-20 Victory

By JIM DeLAND

Sports Editor

Even the fabled luck of the Irish couldn't stop Benton Harbor Friday night.

Kalamazoo Hackett invoked that Celtic charm in the person of a young lad named Murphy wearing uniform No. 7, but the Tigers destroyed his magic with brute force in the second half while coming from behind for an exciting 35-20 victory at Filstrup Field.

The Tigers' total stands as the most points scored by a Benton Harbor team since a historic 47-0 conquest of Muskegon back in 1963 — an interval of 60 games — and the way they scored them promises there will be more to come this year.

The Tigers' stable of fleet running backs broke loose for 251 yards rushing — some 63 yards more than in the first two games combined — while the defensive unit led by linebacker Don Pierce held Hackett to only 45 yards rushing and blanked the Irish in the second half after making some adjustments at intermission.

Before the game even started, Tiger coach Les Butgereit had made two adjustments in the offensive backfield, and they both paid rich dividends last night.

Junior Willie Lacy moved into the starting wingback position for the first time, scored 14 points on a conversion and two touchdowns — one a determined 19-yard burst that saw him break an apparently certain tackle.

Senior speed merchant Rodney Rhodes, running from the tailback position for the first time on the varsity, gained 64 yards in six cracks, scored one TD on a dazzling 30-yard run up the middle, and scampered over a pair of two-point conversions.

Quarterback Jim Grannell also scored twice and passed to Lacy for another touchdown while leading the Tigers to their second victory in three games this year. . . and prompting the players to drag Butgereit into the shower fully dressed.

"Two victories and you get thrown in the shower," Butgereit grinned. "I wonder what happens if you go 8-1? I wouldn't mind finding out."

Despite all the fireworks, the Tigers were almost done in by young Larry Murphy after running up a 13-0 lead in the first quarter.

Murphy, a 157-pound junior quarterback, came off the bench in relief of starter Rick Fries late in the opening period and powered the Irish into a 20-13 halftime lead by completing four of six passes for 105 yards.

Operating with the effectiveness of a leprechaun, he set up the first Hackett TD with a 39-yard pass into the wind to Tom

Burghardt, sparked the second scoring drive with two completions and a PAT pass to Blain Kalafut, and then connected with Burghardt on a 45-yard pass play.

Mike Holmes scored the first Hackett TD on a 12-yard run as

the first quarter horn was sounding and Charlie Ryan got the second on an eight-yard scamper.

Holmes fumbled the ball away on Hackett's first play from scrimmage in the second half, however, and it turned out to be one of the two key plays in the game.

Tim Culby recovered the fumble at the Hackett 33-yard

line and the Tigers rammed scoring drive in eight plays with Lacy scoring on a seven-yard flip from Grannell and Rhodes skirting left end for the conversion to put Benton Harbor ahead 21-20.

"That was the turning point," Hackett coach Dick Slosson said. "We had stopped you after the kickoff and if we move that ball right down there, you're dead. . . even if we don't score right away. Your kids looked like they were down a little already."

Pierce kept Hackett in a hole — first by recovering a fumble and then by downing a Grannell punt at the Irish three-yard line — thus setting up the final key situation.

Operating from his own end zone, Murphy passed incomplete three straight times, then went back to punt but passed again. . . and again it fell incomplete.

This gave Benton Harbor the ball at the Hackett 3 and Grannell sliced off right guard on the first play.

"Just so you don't think I'm a

## LAKERS' EXPLOSION FLOORS BEES

By BILL MOORE

Staff Sports Writer

**BRIDGMAN** — Lake Michigan Catholic's offensive bomb finally exploded Friday night and the shock wave cracked the Bridgman Bees' honeycomb, 47-0.

The Lakers moved the ball well in their first two games, but tripped over their own mistakes when it came to putting points on the scoreboard. Against Bridgman they moved the ball even better and found that they could score, even by making mistakes.

Lake Michigan rolled up 426 yards total yardage with every quarter being a different offensive show.

The first period was an even match with the Lakers coming up with two breaks, a fumble recovery and a pass interception, and turning the pickoff into a 17-yard touchdown drive.

In the second, John Brintnall, who completed 12 of 22 passes for 154 yards, found the airways to his liking in connecting for seven completions and 126 yards while guiding three TDs.

The third and fourth quarters were a mixture of passing and running, highlighted by a pair of long scoring scrambles.

But the Lakers had their breaks, coming by way of three recovered fumbles and three intercepted passes. For Bridgman, it was just a long night.

The Bees had won their first two games, including their first

Red Arrow Conference win in 23 games, and hopes of being a title contender was not missing in the Bridgman camp.

But the Bees could come up with only 90 yards total offense and their only scoring threat of the game turned into a comedy of errors.

They had taken possession on their own 33 following a Laker punt. On the first play, halfback Ted Hartline took the ball on a double reverse, throwing a pass

to Ken Bakeman, who was dragged down at the LMC 20. Four running plays and a penalty gave the Bees a first down at the nine.

On the next play, quarterback Perry Gipson tripped over his feet going back to pass losing five yards. But he came back by hitting Hartline at the seven.

Gipson was then thrown for a loss, ending up back at the 15. A Bruce Charlston pass went incomplete giving the ball to

LMC.

On their first play, the Lakers fumbled and Bridgman had it again at the 18. Gipson lost to the 20, but a penalty moved the ball to 15. Then the threat ended when Gipson fumbled away the ball.

The win gives the Lakers a 2-1 overall record. They are unbeaten and unscored upon in conference play.

Joe Schueneman was the game's leading ground gainer

with 135 yards on 12 carries. His two touchdowns matched Jim Mandarino's, who had 89 yards on 9 attempts and two pass interceptions, and Jack Imbordini's, 32 yards in seven tries.

Tom Bazan and Dave DeLoe caught three passes each for 41 and 35 yards respectively. Rick Mayer had two for 30.

Mandarino set up the Lakers' first touchdown midway through the first quarter when he picked

off a Gipson pass, returning it 20 yards to the Bee 17. Five plays later, Imbordini, who had 89 yards on 9 attempts and two pass interceptions, and Jack Imbordini's, 32 yards in seven tries.

Mandarino also set up the second TD early in the second quarter by returning a Bridgman punt 31 yards to the Bee 38. The Lakers went the distance in eight plays with Schueneman taking it in from the two with 8:23 left in the half. Diaz kick was good, making the score 13-0.

Nick Bazan fell on a Bee fumble on the LMC 20, setting

### Statistics

up the next TD drive. Brintnall hit on three straight passes moving the Bridgman 42. Schueneman went around right end 35 yards to the seven. And Imbordini scored on the next play. Diaz kick was wide making it 19-0 with 3:01 remaining.

The Lakers scored again with 19 seconds left, when Brintnall hit Mayer with a seven-yard TD pass. The drive covered 72 yards in eight plays. Diaz' kick made the score 26-0.

An onside kick gave the Lakers the ball at the Bridgman 47, but the clock ran out on

A 34 yard punt return by Watts to the Dowagiac 25 set up the third score with Radde going in four plays later from the one.

A bad snap from center to Wilson on an attempted punt set the stage for the Bears' fourth score. Wilson was chased back to the 14 where he was nailed by Myers and three plays later Damschroder went over.

Mike Garey's pass interception set up the only pass TD of the night for the Bears, then the first string drove 75 yards for its final touchdown with Damschroder going in from the one.

On the second play of the fourth quarter, 11 new offensive players went into the game for the Bears. With Dave Hedstrom at quarterback, the Bears moved 38 yards in eight plays on the running of Rodney Wilder and Lyle Ray to score when Ray covered the last two yards.

A third string unit, quarterbacked by Brian Haack moved from the Dowagiac 48 to the 10 where time ran out. Al Grinnell sparked this drive with 18 yards in five carries.

Hedstrom kicked six extra points and ran his streak to 11 straight and 12 of 13 on the season.

# Breathalyzer Test Can Also Clear

Berrien sheriff's deputies administered a breathalyzer test to five drivers suspected of driving under the influence of intoxicants last night. One of them was cleared.

Lt. Nigel Krickhahn, communications officer, said the one was a good example that the breathalyzer can clear as well as convict.

A woman suspected of drunk driving was released last night when she registered .09 per cent on the breathalyzer, he said. Had she not taken the test, she would have been charged with drunk driving. The woman was ticketed for driving left of the center line and released.

Seven persons on the sheriff's staff are trained to give a test on the breathalyzer, a machine which determines a person's blood alcohol content by analyzing his breath. If the machine registers .10 to .15 per cent, the driver's condition is considered impaired by intoxicants; anything over .15 per cent and he is charged with drunk driving.

Four persons were charged with drunk driving last night after taking the breathalyzer test.

Deputies arrested Jerry Lee Pepit, 36, of Romulus. After he attempted to make a U-turn on I-94 and was struck by two automobiles. The accident occurred east of I-96. Three persons were treated for minor injuries at Benton Harbor Mercy hospital and released.

Benton Harbor police arrested Connie Marie Rogers, 23, of 319 Pleasant street, Watervliet, and Berrien sheriff's deputies arrested Donald Ray Collins, 24, of 353 Madeline avenue, Benton township, and J.W. Jenkins, 42, of 100 Niles avenue, Berrien Springs.

The breathalyzer may be given under the "implied consent" law, under which a person by operating a motor vehicle implies consent to law enforcement officers to administer tests for alcohol. He may take a urine or blood test at his own expense in addition to the breathalyzer test.

Should a motorist refuse to take the breathalyzer test he automatically loses his driver's license for 90 days, Krickhahn said. One motorist Steven Tacy, 19, of Coloma, was arrested by Coloma police last night and refused to take the test.

# Court Culls 189 Dead Civil Cases

A quarterly dead calendar call in Berrien Fifth District court Friday resulted in the dismissal of 189 civil and small claim cases, dormant for the past six months.

Eighteen other cases were restored to active status after Judge John T. Hammond heard motions suggesting that progress still is possible.

The dead calendar call is held four times a year to clear the court's calendar of cases on which no action has been taken in the past six months.

The two plaintiffs with the largest number of cases dismissed were the County of Berrien (25 cases) and Unger's department store in Benton Harbor (17). All dismissals were made without prejudice, which would allow plaintiffs to revive their claims at a later time. Unger's store has been closed for several months.

**AGNEW TARGET:** Sen. Charles E. Goodell, R-N.Y., who has opposed President Nixon's Southeast Asia policy, Friday gestures at a press conference as he accuses Vice President Spiro T. Agnew of trying to purge him from the Senate. Goodell has been the apparent target of several gibes from Agnew who has assailed what he calls "radical - liberals." (AP Wirephoto).

# Centennial Corporation Authorized

**GRAND JUNCTION** — The state has accepted the Grand Junction Area Centennial committee as an authorized corporation, giving it permission to issue stocks.

Secretary Mrs. Louise Page said pledges for stocks are being accepted now. The actual issuance of stocks will begin as quickly as the certificates can be printed, she said.

Officers of the new corporation are President Chester Walstead, General Chairman Terry Page, Vice-President Henry Hogmire, Vice-Chairman Mrs. Jane Zillman, Treasurer Mrs. Faribon Clark, and the clerk, Mrs. Page.

The centennial is scheduled to run from June 30 to July 4, 1971. The committee has chosen for its motto, "Home of the Blueberry."

General meetings are scheduled for the first Thursday of each month. Interested persons are invited to attend.

# Coloma Schools Calendar

# Five Youths Arrested On 'Pot' Charge

Benton township police arrested three men and two 16-year-old St. Joseph girls on charges of possessing marijuana yesterday. The two girls were petitioned to Berrien juvenile court and released to parents.

Taken into custody were a Vietnam-bound serviceman, Neil Cree Saxman, 20, and two Coloma youths, James L. Brown, 20, David street, and Daniel H. Woodruff, 19, Route 3. Brown was previously free on \$9,000 bond for two charges of possession of LSD, and Woodruff was free on \$4,000 bond for the same charge.

Police made the arrest when they found two cars parked next to a Lake Michigan College storage shed on South Euclid avenue. Police checked out the cars because of a burglary of the shed earlier this week.

Police said they found a plastic bag in the trunk of Saxman's car that resembled marijuana. Saxman, who gave a Uliac, Mich. address was on 10 days leave from Fort Huachuca, Ariz., prior to leaving for Vietnam.

The arrests were made by Sgt. Robert Burton and Patrolmen David Parsons and Charles Baker.

# National Tea Drops S&H Stamps

National Tea company on Oct. 10 will drop its S&H stamp program at National Food stores in Benton Harbor, Niles and Marshall as well as Mishawaka and LaPorte, Ind.

According to Lowell A. Peters, National's vice president and Chicago division manager, similar action was taken Sept. 26 at all National Food stores in Kalamazoo and Big D stores in Battle Creek.

In a recent survey, Peters said, "A significant proportion of our Michigan customers asked us to discontinue stamps and to do all in our power to hold food prices down."

In another matter, Peters said the company recently started a consumer information - education program to inform Michigan shoppers of the phosphate content of leading soaps and detergents.

National Food stores now feature charts listing the phosphate units, per wash load, of 76 of the major detergents, soaps, dishwashing powders and cleaning additives in use by Michigan housewives.

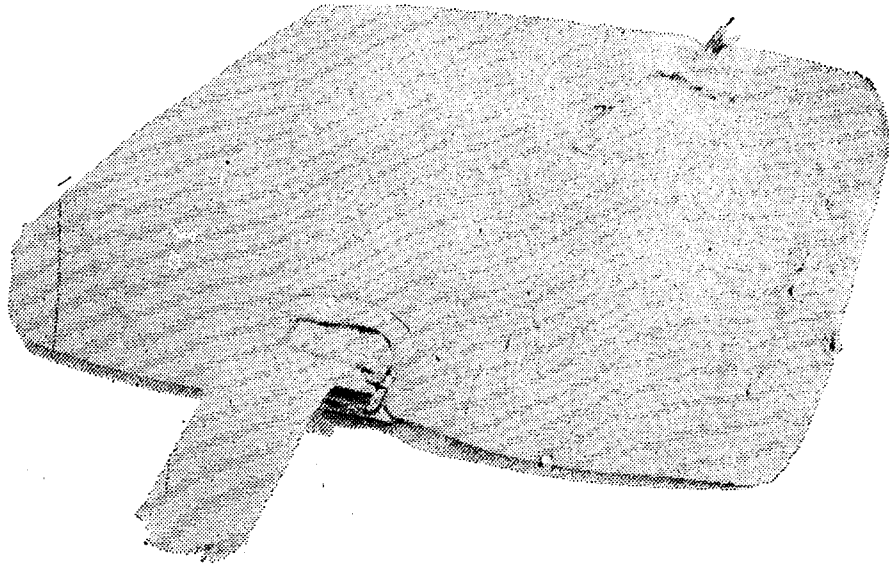

"From this authoritative guide, concerned shoppers may quickly determine cleaning products which contain safe amounts of phosphate for their use and thereby can make a major contribution to controlling the pollution of our rivers, streams, and the lake," Peters said.

# Man Arrested

MIAMI (AP) — Secret Service agents and Miami police have arrested and charged a Miami man described as a "revolutionary type" with threatening to blow up President Nixon and his Key Biscayne residence.

Miami police said Jesse Lee Marshall, 20, also plotted to blow up police headquarters, and Miami airport and the FBI's Miami office. He was arrested Friday night as he left Coconut Grove Bayfront Park.

Did you touch all the bases last year?

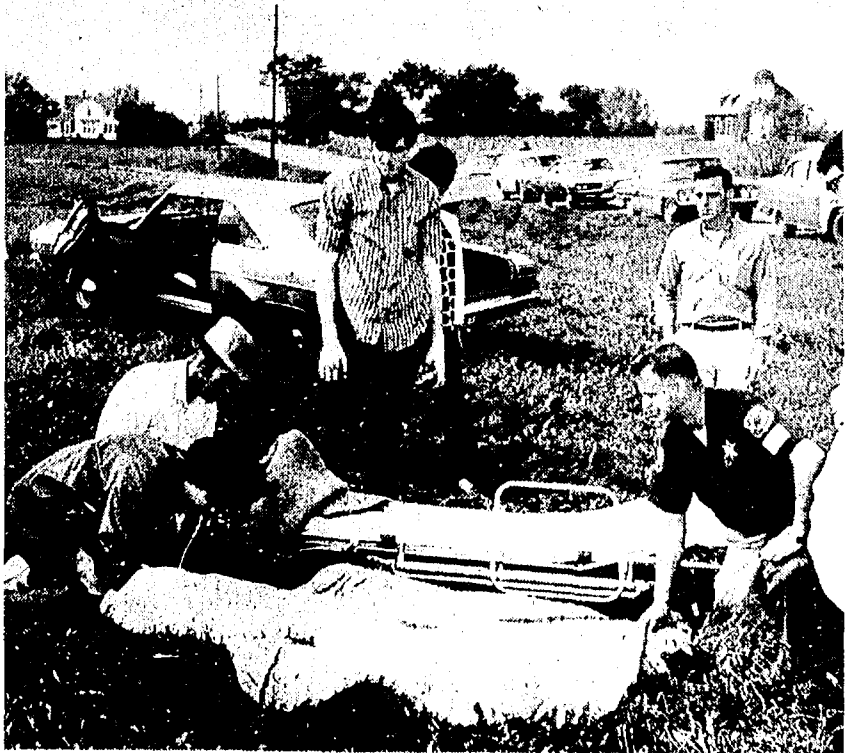

Take your advertising for instance, Mr. Businessman. Was your message... your selling message... in the right place at the right time all during last year? Were you telling the right people what it was you had to sell? Were you reaching them where they were sure to see your message? Or did your advertising touch only some of the bases?

Part of playing the advertising game right is reaching all your potential customers and informing them that you carry the specific item for which they are looking. You can promote in another way those items which you do not feature in newspaper display ads... through a daily, inexpensive classified ad in the News-Palladium and the Herald-Press. And every person who is in the market for those particular items will know that your store carries them.

Send your advertising out to win for you this year. You'll score new profits when you make your advertising touch every base by including the classified section in your advertising program this year.

**NEWS-PALLADIUM WANT ADS - WA 5-0022**

**HERALD-PRESS WANT ADS - YU 3-2531**

**SERIOUSLY INJURED:** Merle Dalrymple, 20, rural Pullman, is attended by Mrs. Robert Hiscok, ambulance attendant, and Allegan Deputy William Kotterawki after his car spilled off the road and rolled at least twice at Friday noon. The accident occurred on 108th avenue about five miles east of Pullman. Dalrymple was admitted at Allegan Health Center with a fractured ankle and back, officials said. His condition was described as good today.

OFFICIAL NOTICE OF SALE  
\$5,325,000.00  
COUNTY OF BERRIEN,  
MICHIGAN  
BERRIEN COUNTY  
WATER SUPPLY SYSTEM  
NO. 2 BONDS  
(ST. JOSEPH-LINCOLN)  
Sealed bids for purchase of the above bonds will be received by the undersigned at the DPW offices in the County Building in the City of St. Joseph, Berrien County, Michigan, on Tuesday, the 13th day of October, 1970, at 2:00 o'clock p.m., Eastern Standard Time, at which time and place said bids will be publicly opened and read.

Said bonds will be dated as of May 1, 1970, the entire issue to be coupon bonds of the denomination of \$5,000.00 each, numbered consecutively in direct order of maturity from 1 to 1,065, inclusive, will be registrable as to principal only and will bear interest at a rate or rates not exceeding an average of eight per cent (8%) per annum, expressed in multiples of 1/4 or 1/20 of 1%, or any combination thereof. Said interest will be payable on November 1, 1970, and semi-annually thereafter on May 1st and November 1st of each year. The interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. Accrued interest to the date of delivery must be paid by the purchaser at time of delivery. Both principal and interest will be payable at a bank or trust company, which paying agent qualifies as such under the statutes of the State of Michigan or of the Federal Government, to be designated by the manager of the account purchasing the bonds and subject to the approval by Berrien County, which purchaser may also designate a co-paying agent similarly qualified and approved. The difference between the highest and lowest interest rates bid shall not exceed 2%.

Said bonds will mature serially as follows:  
\$50,000.00 May 1st of each of the years 1973 and 1974;  
\$100,000.00 May 1, 1975;  
\$150,000.00 May 1, 1976;  
\$175,000.00 May 1, 1978;  
\$200,000.00 May 1, 1978;  
\$225,000.00 May 1, 1979;  
\$250,000.00 May 1, 1980;  
\$300,000.00 May 1, 1981;  
\$325,000.00 May 1, 1982;  
\$350,000.00 May 1, 1983;  
\$400,000.00 May 1, 1984;  
\$225,000.00 May 1, 1985;  
\$200,000.00 May 1st of each of the years 1986 and 1987;  
\$225,000.00 May 1988;  
\$250,000.00 May 1st of each of the years 1989 and 1990;  
\$175,000.00 May 1st of each of the years 1991 and 1992;  
\$200,000.00 May 1st of each year from 1993 to 1996, inclusive;  
\$250,000.00 May 1, 1997.

Bonds maturing in the years 1973, 1974 and 1975 shall not be subject to redemption prior to maturity.

Bonds maturing in the years 1976 to 1997, inclusive, shall be subject to redemption prior to maturity, at the option of the County, on any interest payment date on or after May 1, 1975, at 102% of par if redeemed prior to May 1, 1986; at 102 1/2% of par if redeemed on or after May 1, 1986, but prior to May 1, 1989; at 102% of par if redeemed on or after May 1, 1989, but prior to May 1, 1992; at 101 1/2% of par if redeemed on or after May 1, 1992, but prior to May 1, 1995; and at 101% of par if redeemed on or after May 1, 1995, but prior to maturity.

Thirty (30) days notice of the call of any bonds for redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal

bonds, and in case of registered bonds, thirty (30) days notice shall be given by mail to the registered holder at the registered address. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.  
The bonds are to be issued under the provisions of Act 185, Public Acts of Michigan, 1957, as amended, and pursuant to resolution duly adopted by the Board of Supervisors of the County of Berrien for the purpose of paying the cost of acquiring a water supply system in said County to service the Township of St. Joseph and the Township of Lincoln, all included as a part of a County water supply system designated as Berrien County Water Supply System No. 2 (St. Joseph-Lincoln).

The said bonds are issued in anticipation of and are payable primarily from certain specified contractual payments to be paid by the Township of St. Joseph and the Township of Lincoln, located in the County of Berrien, Michigan, to the Board of Public Works acting for and on behalf of the County of Berrien pursuant to a certain contract between said governmental units, whereby said Board, on behalf of the County, is to construct water improvements within the aforesaid water supply system. By the provisions of said contract, and pursuant to the authorization provided by law, the Township of St. Joseph and the Township of Lincoln have each respectively pledged their full faith and credit for the payment of their respective contractual obligations. The County of Berrien has irrevocably pledged to the payment of said bonds the total contractual payments, which payments are payable at such times and re-established in such amounts as are required to pay the entire principal of and interest on the bonds promptly when due.

As additional security for the payment of the bonds and the interest thereon, the County of Berrien, as authorized by law, has pledged its full faith and credit for the prompt and timely payment thereof.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from November 1, 1970, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the County of Berrien on all the bonds therein offered.

No proposal for the purchase of less than all of the bonds or at a price less than their par value will be considered.

A certified or cashier's check in the amount of \$106,500.00 drawn upon an incorporated bank or trust company and payable to the order of the County Treasurer, County of Berrien, Michigan, must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail if no bidder's representative is present. Payment for said bonds shall be made in Federal Reserve funds.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys, of Detroit, Michigan, approving the legality of the bonds, the text of which will be printed on the reverse side of each bond. The cost of such opinion and the cost of printing the bonds will be paid by the County. Executed bonds will be delivered at Detroit, Michigan, Chicago, Illinois, or New York, New York. The bonds will be accompanied by the usual closing documents, including a certificate that no litigation is pending affecting the issuance of the bonds.

Said bonds will be delivered within sixty (60) days from the date of sale, and if said bonds are not delivered by twelve o'clock noon, Eastern Standard Time, on the sixtieth day from the date of sale, the successful bidder may withdraw his proposal by serving notice of cancellation in writing on the undersigned, in which event the good faith checks shall be promptly returned.

The right reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

Mr. Smith, seconded by Mr. Tobias, moved approval of the foregoing report and that the Director of Finance be authorized to issue vouchers in payment of the several amounts. Roll call resulted as follows: Yeas: Commissioners Ehrenberg, Gast, Globensky, Smith and Tobias. Nays: None. Absent: None. Motion declared carried.

The Clerk reported that the Monthly Reports for August, including the Financial, Police, Fire, Sanitary Inspection, Public Works and Water Filtration Plant, have been presented to the Commission. Mr. Gast, seconded by Mr. Tobias, moved approval of the foregoing report as presented. Roll call resulted as follows: Yeas: Commissioners Ehrenberg, Gast, Globensky, Smith and Tobias. Nays: None. Absent: None. Motion declared carried.

Mr. Robert L. Fischer, Chair-

man of the St. Joseph Business Division of the Twin Cities Area Chamber of Commerce presented a check for \$600.00 for the purpose of purchasing and erecting a flagpole at the site of the John E.N. Howard Bandshell. This money was raised through the joint effort of the St. Joseph Business Division of the Twin Cities Area Chamber of Commerce and Radio Station WJSM and it is their wish that the flagpole be dedicated to the memory of Sergeant Thomas Hayden Herndon who gave his life in the service of his country in the Vietnam war.

RESOLUTION APPROVING TRAFFIC OPERATION PROGRAM

WHEREAS, the Federal Government by Section 10 of the Federal-Aid Highway Act of 1968 has provided the authority for the establishment, within the designated of Federal-Aid Urban Areas, as defined by Section 161 (1) of title 23, United States Code, of a program entitled, "TRAFFIC OPERATIONS PROGRAM TO INCREASE CAPACITY AND SAFETY," hereinafter referred to as "TOPICS" and

WHEREAS, the United States Department of Transportation, Federal Highway Administration, Bureau of Public Roads, hereinafter referred to as "BUREAU," by Policy and Procedure Memorandum 21-18 dated May 28, 1970 and supplements thereto, hereinafter referred to as PPM 21-18, as well as other pertinent Informational Memorandums, has established policies and procedures relating to the expenditure of Federal Funds for TOPICS; and

WHEREAS, the Board of County Road Commissioners of

the County of Berrien, Michigan, has expressed its willingness to accept the responsibility of coordinating with all other local agencies and development and evaluation of an area-wide TOPICS plan in accordance with the provisions contained in the PPM 21-18 and other pertinent Informational Memorandums; and

WHEREAS, the local Government agencies will benefit from the TOPICS Study and Plan and will be entitled to use any or all parts of the study data and TOPICS Plan without restriction and limitation; and

WHEREAS, the Board of County Road Commissioners of the County of Berrien, Michigan, is responsible as the Coordinating Agency to secure cooperative agreements or resolutions from all concerned local governmental agencies for the development and evaluation of a TOPICS Plan and the cost thereof.

NOW, THEREFORE, BE IT RESOLVED, that the City of St. Joseph hereby approves of the TOPICS Program and actively supports Stage I of the Program, which is the study and evaluation of the TOPICS Plan. BE IT FURTHER RESOLVED, that the City of St. Joseph will fully cooperate with the Board of County Road Commissioners of the County of Berrien and the State of Michigan in carrying out the TOPICS Program, and be responsible for its respective share of the cost thereof.

Mr. Smith, seconded by Mr. Globensky moved approval of the foregoing resolution. Roll call resulted as follows: Yeas: Commissioners Ehrenberg, Gast, Globensky, Smith and Tobias. Nays: None. Absent: None. Motion declared carried.

There being no further business to come before the Commission, Mr. Globensky moved to adjourn until Monday, September 28, 1970, at 2:30 P.M.  
WM. H. EHRENBURG  
Mayor

None. Motion declared carried and resolution adopted.

Mayor Ehrenberg granted a request of Robert Brown on behalf of the Fruitbelt Chapter of SPEBSQSA to change the name of State Street to Harmony Lane from Friday evening October 2, 1970 to Sunday morning October 4, 1970.  
RESOLUTION: PLANNING COMMISSION REQUEST TO EXTEND TIME.

WHEREAS, the City Planning Commission has requested permission to delay consideration of a request to rezone lots at 511 Hoyt Street and 1023 Lake Blvd. until October 1, 1970.

TH EREFORE RESOLVED the request of the City Planning Commission is hereby approved.

Mr. Tobias, seconded by Mr. Globensky moved adoption of the foregoing resolution. Roll call resulted as follows: Yeas: Commissioners Ehrenberg, Gast, Globensky, Smith and Tobias. Nays: None. Absent: None. Motion declared carried.

Mr. Ehrenberg, seconded by Mr. Smith moved that the salaries of all City employees except firemen and certain supervisor employees be immediately increased by 8 1/2 percent. Roll call resulted as follows: Yeas: Commissioners Ehrenberg, Gast, Globensky, Smith and Tobias. Nays: None. Absent: None. Motion declared carried.

Charles J. Rhodes  
City Clerk  
Oct. 3, 1970 H.P. Adv.

# New bonus interest rate on U.S. Savings Bonds

Now all U. S. Savings Bonds pay 5% interest, PLUS a 1/2% bonus when held to maturity. This overall 5 1/2% interest payment means that now you get a little bit more money for your money.

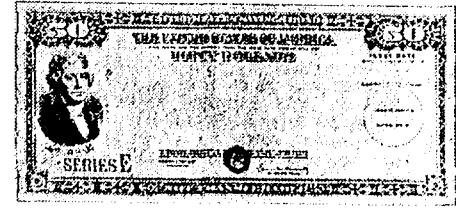

Technically, here's how the bonus works:

1. The bonus interest rate applies to all new Bonds purchased since June 1, 1970, raising their rate from 5% to 5 1/2% when held to maturity. Series E Bonds, whose maturity remains at 5 years 10 months, with a first-year rate of 4%, will have the 1/2% increase added as a bonus at maturity. Series H Bonds, with a 10-year maturity and first-year rate of 4 1/2%, will receive the bonus in the form of increased semiannual interest checks for their last 5 years, to yield an average 5 1/2% for the 10-year period.
2. There is no reason to cash in Bonds you now hold. Yields on outstanding Bonds, prior to maturity, will be increased by 1/2% for semiannual interest periods beginning on or after June 1, 1970. For E Bonds, the increase will be payable at maturity; for H Bonds, through larger semi-annual interest checks for their last 5 years.
3. For Bonds now in their extension period, yields will be increased by approximately 1/2% to next maturity, whenever redeemed.
4. Finally, all Bonds maturing on or after June 1, 1970 while the bonus is in effect, will receive a 5 1/2% yield until next maturity.

Now, more than ever, it's to your advantage to buy U. S. Savings Bonds and hold them to maturity or beyond.

Sign up for Savings Bonds through the Payroll Savings Plan where you work, or the Bond-a-Month Plan where you bank.

U. S. Savings Bonds. Now they pay a bonus to longer-term holders.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.
